Ai & ML Engineer

I specialize in AI, Machine Learning, and Full-Stack Web Development. I have completed 5+ internships at companies like COSMIC365, Prodigy Infotech, VaultofCodes, and Embriozen Technologies as an AI/ML intern. My expertise includes building intelligent systems, data-driven solutions, and scalable web applications. I am passionate about solving complex problems through technology.

WORK EXPERIENCE

Prodigy Infotech   02/2025 - Present
Cyber Security Intern • **Internship**

- At Prodigy Infotech, I gained hands-on experience in cybersecurity, focusing on penetration testing, threat mitigation, and secure coding to protect digital assets.

Vault of Codes   01/2025 - Present
Web Development Intern • **Internship**

- At Vault of Codes, I built responsive web applications using React, Node.js, and MongoDB, enhancing my skills in full-stack development and performance optimization.

Edunet Foundation   12/2024 - 01/2025
Artificial Intelligence Intern • **Internship**

- At Edunet Foundation, I specialized in Computer Vision, building image processing and object detection models using OpenCV and TensorFlow.

CODTECH IT SOLUTIONS   09/2024 - 10/2024
Full Stack Developer Intern • **Internship**

- At CODTECH IT Solutions, I built full-stack projects using React, Node.js, MongoDB, and Auth.js, strengthening my web development skills.

Embrizon Technologies   09/2024 - 10/2024
Machine Learning Trainee & Intern • **Internship**

- At Embriozen Technologies, I built AI models using Python, TensorFlow, and scikit-learn, refining my skills in data analysis and predictive solutions.

Cosmic365.ai   08/2024 - 10/2024
Associate AI Intern • **Internship**

- At COSMIC365.ai, I developed AI solutions using Python, TensorFlow, and NLP, enhancing my skills in data-driven modeling and innovation.
